

# GENDER PAY GAP REPORT

Xtrac Limited is recognised as the world leader in the design and manufacture of specialist transmission systems supporting a wide client base covering top level Motorsport and High Performance Automotive.

The Gender Pay Gap report is based on data as of 5<sup>th</sup> April 2021. On this date 92% of employees were male and 8% were female.

The data presented below has been prepared in accordance with the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017.

The table below shows our overall mean and median gender pay gap based on hourly rates of pay as of 5<sup>th</sup> April 2021.

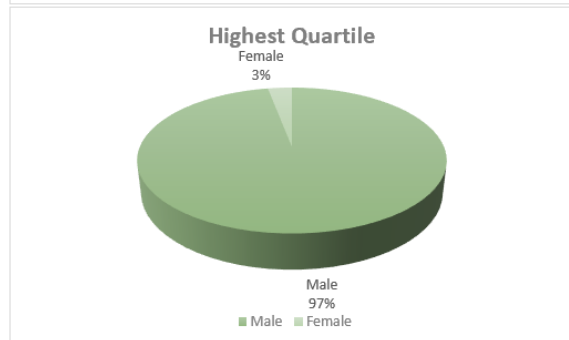

## Pay Gap

Difference between Men and Women		
	Mean	Median
Pay	8%	3%

## Bonus Gap

No bonuses were awarded to any employee.

## Pay Quartiles

## Commentary

- From the April 2020 gender pay report we have reduced our average gender pay gap by 6% points and our median gender pay gap by 4% points.
- For the period of results used from April 2021, Xtrac Limited employed 277 full pay relevant employees. The gender split was 21 females and 256 males.
- There are no differences in pay rates for different genders occupying equivalent roles at Xtrac Limited and therefore we are confident that Xtrac's gender pay gap is the result of the roles in which men and women work within the organisation and the salaries that those roles attract.
- As demonstrated in our pay quartiles illustration, Xtrac is predominantly made up of males in all four of the quartiles.
- We have Night Shift at Xtrac where employees who work this shift have a premium applied to their hourly rate and this has been accounted for in the data.
- We will continue to strive to ensure that we make Xtrac Limited an employer of choice by continually reviewing our policies and continually tracking the data of applicants who apply for vacancies within Xtrac.

I can confirm the data reported is accurate.
